INFORMATION REQUIREMENTS FOR NEWS ON THE WEBSITE

- Unique, not previously published texts up to 6,000 characters are accepted as news for the exhibition website.
- The topic of the news should be related to the company's participation in the exhibition (announcement of exhibited products or services, special offers for visitors, announcement of activities at the exhibition, etc.).
- The text of the news should be presented in 3rd person
- News text is accepted strictly in Word format
- The news should be accompanied by 2-3 photos not less than a dimension of 1280x720 with 16:9 aspect ratio in .jpeg or .png format. No text should be applied to the photo.
- 70 characters (with spaces) limit for headings – 200 characters limit for subheadings (with spaces)

IMPORTANT: The text for the first (free) publication should be written in an informative, not promotional style. If you want to publish more than 1 news on the site, it is important that each publication has different information. The first publication may include general company info while the second one could be about the novelties or achievements of your company during the last year.

*All texts and press releases are subject to editing. The Organiser reserves the right to refuse publication if the submitted material does not meet the requirements.

REQUIREMENTS FOR THE LAYOUT IN THE GUIDEBOOK

The cropped format of the guide is 210mm (width) x 297mm (height)

1. A4 format - 1 advertising page

When printing a module "off-set": 210 mm (width) x 297 mm (height) - vertical, + "offsets" 5 mm on each side. Significant elements (logos, text) should be placed at least 5 mm inward of the borders of the cropped format. The use of frames is undesirable.

Provided in vector file (.EPS, .PDF.) - fonts must be converted to curves, or in raster file (.TIFF (without layers) - with resolution should not be less than 300 dpi.

2. LOGOTYPE (minimum dimensions - 20 mm x 10 mm (horizontal)).

Provided in vector file (.EPS, .AI, .CDR) - fonts must be converted to curves, or in raster file (.TIFF (without layers), .JPG) - with resolution should not be less than 300 dpi.

VALUED PARTICIPANTS,

We are always ready to find advertising options that will suit your company and make your advertising stand out. In addition to individual advertising options, we can offer ready-made sponsorship packages, as well as customised offers to suit your needs.

For advertising and sponsorship enquiries, please contact your manager or the marketing department.
