

PAYMENT PROCESSING POLICY

All payments will be made in the local currency of the Republic of Serbia – dinar (RSD).

All transactions will be processed in Serbian dinars (RSD). The amount charged to your account will be converted from your currency to dinars according to the official exchange rate of the National Bank of Serbia on the date of the transaction. When your card is charged, the same amount will be converted into your local currency based on the exchange rate applied by your credit card operator.

Due to these conversions, there may be a slight difference between the price charged and the price displayed on our website. This difference is the result of exchange rate fluctuations and may vary depending on the rate at the time the transaction is processed.
