FABRIC REQUIREMENTS

This pattern is designed to be hacked and adapted, so if you make only the top, or only the bottoms, or a Capri length jumpsuit, the amount you need will vary. Fabric widths vary a lot so as a guide, the general rule is to measure twice your length to estimate fabric requirements.

SUPPLIES

Style A: 4 cm/ 1.5" wide elastic to fit your waist.
Style B: 1 cm/1/2" wide elastic to fit your low waist.
