

Grunge Arrows

Hello and thank you for purchasing our product! We highly recommend you to read through this guide before using the package.

It is extremely easy to use:

- Open or import **the project file** in After Effects.
- You can see all the available presets in the Project window, all of them can be used and adjusted in the same manner.
- Drag & drop a preset to the timeline.
- Open the preset composition and select **a _controller** layer to adjust the available parameters.
