Print & Assemble

- First, be sure to use ACROBAT READER to open your PDF sewing patterns. It's free!
- Then, open your file and click on the LAYERS icon (left side of the screen) and uncheck all the sizes you won't need.
- Now, click on the PRINT icon at the top of the screen. The print settings will appear, so verify that the ACTUAL SIZE option is checked. Click on the PRINT button!

- A 5 x 5 cm (and 2 x 2") control square is provided to ensure that your pattern is true to size.
- To ASSEMBLE, cut the sheets at the bottom and right margins, as indicated. Each sheet is labelled with a letter and a number (A1, B2...), so tape them together in numerical and alphabetical order. 3. Assemble the front pockets.
4. Hem the top edge of the back pockets (turn twice 1 cm) and sew them to the back legs.
5. Sew the yokes to the back legs. Topstitch above the seams.
7. Sew the inseams and topstitch them on the back of the leg.
8. Sew the side seams and topstitch them on the back, stopping about 20 cm below the waist (roughly at hip level).
9. Sew the crotch, leaving an opening on the front above the notch.
10. Assemble the front fly and topstitch the crotch (front and back).
11. Make the belt loop and cut the pieces to get six belt loops. Sew them on the top of the garment (see pattern for placement markings).

13. Sew the belt loops to the top of the belt.
14. Hem the bottom of the legs (turn twice, first at 1 cm then at 2 cm).
15. Add the button and buttonhole (see pattern for placement).
