Cut the yarn with the used colors, twice as long as you want the hair, knot each length in FLO from basic with the colors from basic.

Start in last round and work so up, till you reach round 1.

When all hair strings are connect, we brush the hair.

Use a pet brush for this.

When all hair strings are lose , we sew the wig on the head :

For the eyes I used circles of felt , white: 1.5 cm, black 1 cm, glue theme together. Or use Safety eyes on felt.

Embroider with natural yarn the nose, over 4 stitches wide.

(more stitches makes a wider nose)
