13:05-13:20 Differential diagnosis and treatment of rhinitis — Prof. Sergei Ryazantsev (St. Petersburg)

13:20-13:30 Discussion

**13:30-13:35 Break**

**Moderators: Ass. Prof. Olga Vereshchagina, Dr. Olga Stancheva**

13:35-14:05 Traumatic Optic nerve management — Prof. Metin Onerci (Ankara)

14:05-14:35 The nuances of endonasal endoscopic dacryocystorhinostomy — Prof. Vladimir Krasnozhen (Kazan)

14:35-15:05 Why otolaryngologists should know the anatomy of the orbit — Prof. Wolf Mann (Mainz)

15:05-15:25 Treatment of colds from the position of ENT-specialist — Prof. Sergei Ryazantsev (St Petersburg)

15:25-15:40 Complex topical pharmacotherapy of acute pharynx and larynx pathology in children — Prof. Natalia Eremina (St Petersburg)

15:40-15:50 Discussion

### 15:50-16:00 Break

**Moderator: Prof. Sergei Karpischenko**

16:00-16:30 The Pathogenesis of CRS: Current Implications for Treatment — Prof. Dr. Robert Kern (Chicago)

16:30-17:00 Inspire Hypoglossal Nerve implant stimulator for treatment of CPAP failed severe OSA. Surgical approach and indicators for success — Prof. Mark Shikowitz (New York)

17:00-17:30 Surgery for Nasal Cavity and Paranasal Sinus Cancers: Role of Endoscopic and Open Resection — Prof. Jean Anderson Eloy (New Jersey)

17:30-18:00 The challenge of preventing and treating obstructive sleep apnea in an epidemic setting — Prof. Mario Milkov (Varna)

18:00-18:30 Possibilities of endoscopic rhinosurgery in the paranasal sinuses and the skull base — Ass. Prof. Marina Nersesyan (Moscow)

18:30-18:40 Discussion

### November 25, Wednesday (Moscow time)

**Moderators: Ass. Prof. Marina Shavgulidze, Ass. Prof. Olga Vereshchagina,**

09:00-09:30 Acute rhinosinusitis in EPOS 2020 and updated domestic clinical guidelines — Prof. Andrey Lopatin (Moscow)

09:30-10:00 Smell and taste disorders after viral infections: Treatment and smell-training — Prof. Bert Schmelzer (Antwerp)

10:00-10:30 Office Based Laryngology in Helsinki, Finland — Dr. Teemu Kinnari (Helsinki)

10:30-11:00 Septorhinoplasty: Minimal Invasive Endonasal Technique — Dr. Alireza Mehabi (Shiraz)

11:00-11:15 New approaches of the treatment of acute tonsillopharyngitis — Prof. Sergei Ryazantsev (St Petersburg)

11:15-11:30 A new approach for planning rhinosurgical interventions and evaluating their functional results — Dr. Marina Budkovaya (St. Petersburg)

11:30-11:40 Discussion

#### 11:40-11:45 Break

**Moderators:** Ass. Prof. Olga Kolesnikova, Dr. Elizabeth Boloneva

11:45-12:15 Hybrid rhinoplasty. Thinking beyond the old paradigms — Prof. Pietro Palma (Milan)

12:15-12:45 Update on Upper Airway Cough Syndrome — Prof. Dilyana Vicheva (Plovdiv)

12:45-13:15 The aesthetic aspects of surgery of the nasal septum — Prof. Irina Vasilenko (Moscow)

13:15-13:45 The role of FESS in Silent Sinus Syndrome — Dr. Adnan Lidian (Uppsala)

13:45-14:00 Etiology, pathogenesis, clinic and treatment of chronic tonsillitis — Prof. Sergei Ryazantsev (St. Petersburg)

14:00-14:30 Approaches to the treatment of rhinosinusitis during viral infections — Prof. Sergei Naumov (St. Petersburg)

14:30-14:40 Discussion

#### 14:40-14:45 Break

**Moderators:** Prof. Anna Zubareva, Dr. Olga Sopko

14:45-15:00 Tactics of otorhinolaryngologist in modern epidemical situation — Ass. Prof. Alexey Alexandrov (Saint Petersburg)

15:00-15:30 Objective support of cochlear implantation stages: from neural response telemetry to auditory cortex potentials — Prof. George Tavartkiladze (Moscow)

15:30-16:00 Choosing surgical access to the jugular opening — Prof. Oleg Borisenko (Kiev)

16:00-16:30 Rare pathology of the temporal bone. Surgical treatment tactics — Hasan Diab (Moscow)

16:30-17:00 Necessity-mother of inventions-clinic partnership program in Kyrgyzstan — Dr. Dr. h.c. Monika Lehnhardt (Germany)

17:00-17:10 Discussion

#### 17:10-17:15 Break

**Moderators: Prof. Marina Ryabova, Ass. Prof. Michael Ulupov**

17:15-17:30 Acute rinosinusitis. Possibilities of medical treatment — Prof. Marina Ryabova (St. Petersburg)

17:30-18:00 COVID 19 and its impact on smell and taste - an evolution of the evidence base — Prof. Claire Hopkins (London)

18:00-18:30 Quality of life in dysphonia — Prof. Victoria Shilenkova (Yaroslavl)

18:30-19:00 Laser surgery of the larynx at the ENT Department of the Pavlov State Medical University — Prof. Marina Ryabova (St. Petersburg)

19:00-19:15 Discussion

**19:15-19:20 Closing of Jubilee International Scientific Conference. Prof. Sergei Karpischenko**
