Sensitech

pag.125

Sensitech, the porcelain tile surface made using a production method patented in Italy that combines superior slip-resistance with an unprecedented tactile softness, guaranteeing ease of cleaning and maintenance.
Sensitech, la superficie in gres porcellanato realizzata con metodo produttivo brevettato in Italia, che associa elevate prestazioni di resistenza allo scivolamento ad un'inedita morbidezza tattile, garantendo facilità di pulizia e manutenzione.

Velvetech

Velvetech, the new porcelain tile surface developed by Atlas Concorde with patent pending in Italy.
Velvetech, la nuova superficie in gres porcellanato sviluppata da Atlas Concorde con brevetto depositato in Italia.

Note on Polished and Velvet surface finish / Nota sulla finitura Velvet e Lappata

The Polished and Velvet finishes are suitable for residential or low-traffic commercial floors, where no anti-slip performance is required. If the product is in direct contact with the outdoors, moisture and dirt absorption devices must be used to prevent scratching. The glossy Polished finish offers a surprisingly bright, mirrored surface with slight irregularities typical of natural marbles. The surface's shine and great ease of cleaning are the result of in-depth studies and technical research aimed at ensuring its durability over time. The Velvet surface replicates the effect of semi-Polished marble. It has a velvety touch and silky highlights. The natural character of the surface is highlighted by areas of different opacity perceptible in oblique or reflected light. Le finiture Lappata e Velvet sono indicate per pavimenti residenziali o commerciali poco sollecitati, laddove non siano richieste prestazioni antiscivolo. Se il prodotto è a diretto contatto con l'esterno, prevedere dei dispositivi di assorbimento dell'umidità e dello sporco per prevenire la formazione di graffi. La finitura Lappata lucida offre una superficie sorprendentemente brillante e specchiante, con lievi irregolarità tipiche dei marmi naturali. La lucentezza e l'elevata facilità di pulizia della superficie sono frutto di studi approfonditi e accurate ricerche tecniche volte a garantirne la persistenza nel tempo. La superficie Velvet replica l'effetto di un marmo levigato. Si distingue per la mano vellutata e per i riflessi semi-opachi. La naturalezza della superficie è evidenziata da zone di diversa opacità percettibili in luce radente o riflessa.
