

Letter Of Commitment

I assure that all the application information and documents are submitted by myself and authentic, I never have been convicted of any crime and I did not use or buy or sell any drug or marijuana before. Before entering China, I will avoid using any medication that could affect the results of drug tests. If the drug test result is positive due to the influence of any medication, I agree to be handled as a drug-related case by the school. I promise to voluntarily abide by Chinese laws and regulations as well as the discipline and regulations of Zhejiang University of Technology during my study time in China. I ensure that all kinds of materials and certificates that I provided are authentic and effective. I will be asked to complete all kinds of procedures and inspections as required after coming to China. During my stay, I will be asked some materials so I remember to keep all the documents I will get and I promise to never use any forged documents.

I know I need to provide a valid medical examination report and a drug testing certificate (hair inspection in a lab). I promise to complete these two examinations as required by the school within 7 days after coming to China.

I understand that if one of the points written above is not respected, I will bear the corresponding consequences and the University can cancel my admission qualification and visa, leaving me no choice but to leave China within the time limit.
