

FROM THE FOUNDER OF THE #VIKISEWS BRAND

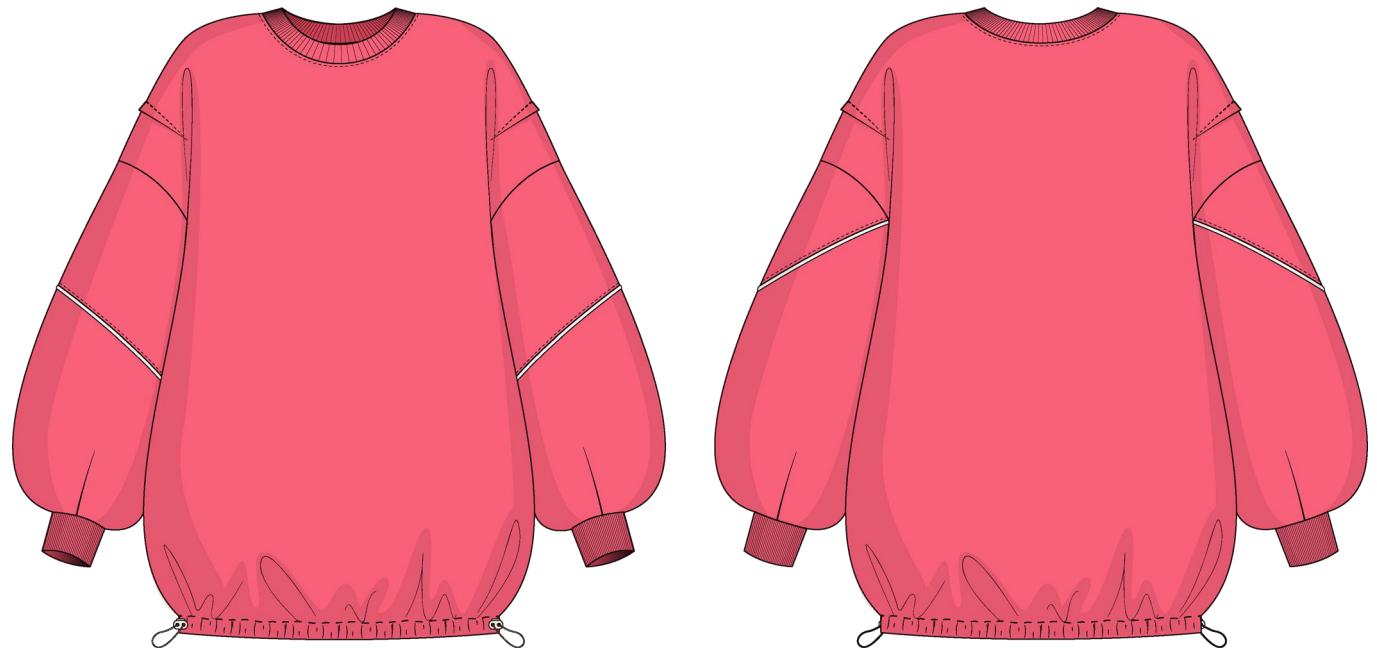

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

SUGGESTED FABRIC

To sew this sweatshirt, choose knit fabrics with the following properties:

- soft, breathable, non-stretch or with very little stretch, medium-weight
- the fiber content can include natural fibers (wool, cotton), artificial fibers (viscose), blends (wool + polyester, cotton + polyester, cotton + elastane, etc.), and synthetics (polyester, polyester + elastane)
- the following fabrics are recommended: heavyweight sweatshirt fleece

Attention! We do not recommend lightweight knit fabrics, jersey fabrics, French terry and lighter weight sweatshirting.

We recommend using rib knit fabric as an additional material for the cuffs and the neckband.

The garment in the photo is made of heavyweight sweatshirt fleece. The fabric is soft and low-stretch. The fiber content is a blend of viscose, polyester, and elastane. The cuffs and the neckband are made of rib knit fabric.

CUTTING LAYOUT

Main fabric, 160 cm (63") wide, with a directional print, cut on a double fold, for sizes XS-S, M-L in all heights; main fabric, 180 cm (70") wide, with a directional print, cut on a double fold, for sizes M-L, XL in all heights

Important! In this garment, the shoulder edges are finished before the darts. With the right side facing up, finish the shoulder edges of the front and back on the overlocker.

Place the front and back right sides together, align the shoulder edges and pin.

Sew the shoulder edges together on the sewing machine using a stretch stitch, backstitching at the beginning and end.

Press the seam flat.
