

FROM THE FOUNDER OF THE #VIKISEWS BRAND

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

If you have any questions, please contact us at info@vikisews.com — we are always there to help.

LOURDES PATTERN DESCRIPTION

Lourdes is a close-fitting, lingerie-inspired dress with a boned corset bodice and separate bra cups. The dress is made of two types of fabric. The inner layer is made of mesh, while the overlay is made of tulle and is ruffled along all edges. The faux plackets with grommets form the lace-up front. The ruffled sleeves are long and narrow. The dress closes with an invisible zipper in the center back seam. Lourdes is below-knee length.

SUGGESTED FABRIC

To sew this dress, choose knit fabrics with the following properties:

- medium-weight, pliable, soft, stretchy, sheer
- the fiber content can include artificial fibers (viscose), blends (viscose + polyester, etc.), and synthetics (nylon, polyester, polyester + elastane)
- the following fabrics are recommended: tulle, stretch mesh.

Attention! We do not recommend knit fabrics with a lot of stretch or non-stretch fabrics.

For the inner layer and lining, we recommend using medium-weight, soft, pliable mesh with small holes. Choose fabrics made of synthetic fibers (polyester + elastane).

For the casings, straps, and plackets, choose opaque, medium-weight, soft fabrics without stretch. You can use fabrics made of artificial fibers (viscose), blends (viscose + polyester, etc.), or synthetics (polyester).

The dress in the photos is made of two layers of tulle. The fabric is medium-weight, pliable, soft, stretchy, and sheer. The fiber content is 100% nylon.
