

FROM THE FOUNDER OF THE #VIKISEWS BRAND

Back in 2016, when I was working on my first sewing instructions, I was trying to write them in such a way that even a complete beginner would be able to understand and create their first garment. These instructions laid the foundation of the Vikisews brand, its vision and mission. I wanted to create modern patterns with the most detailed and clear instructions.

With each new collection, we're constantly improving our instructions: adding more details, removing redundancies. Before they reach you, our drafters, correctors, and editors spend weeks working on every word and every photograph. If you put a few instructions together, you'll get a sewing manual that will assist you in sewing all kinds of garments of any difficulty level.

And I'll be very happy if these instructions help you to grow a small hobby into a lifelong passion. Enjoy the process. Create your ideal and effective wardrobe. Wear your garments with pride and for years to come.

If you have any questions, do write to us at info@vikisews.com. We'll always help you.

ALEXIA PATTERN DESCRIPTION

Alexia is a close fitting dress with an accentuated waist. It features a waist seam and separate yokes on the top front with gathering on the bottom and an elasticated channel on top. The waist darts have been transferred into princess seams. The back also features vertical princess seams. Alexia fastens with buttons and buttonholes on the center front plackets. The short voluminous sleeves are half raglan and feature elasticated channels on the top and bottom to mirror the yokes. The top edge of the yokes as well as the top and bottom edges of the sleeves are finished with rolled hems. The bottom of the skirt is slightly flared, the front and back necklines are deep and wide. Alexia is above-knee length.

SEAM ALLOWANCES

All pattern pieces include 1cm seam allowances; the garment hem allowance is 2cm. Take this into account when laying out pattern pieces on the fabric.

Pin and baste the darts along the markings on the front and back skirt pieces. Stitch on the machine starting at the wide end and going towards the tip. Backstitch at the beginning of the stitching line and leave long thread tails at the end (5-7cm).

Using a hand sewing needle, hide the tails within the dart. Cut off excess thread.
