

FROM THE FOUNDER OF THE #VIKISEWS BRAND

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

If you have any questions, please contact us at info@vikisews.com — we are always there to help.

SABRINA PATTERN DESCRIPTION

Sabrina is a close-fitting dress with a waist seam. The wrap-style front bodice is gathered at the waist. The back is shaped with waist darts. The dress has a deep V-neckline and long, set-in, fitted sleeves. It features an extended shoulder line supported with shoulder pads. The dress closes with an invisible zipper in the center back seam and is above-knee length.

SUGGESTED FABRIC

To sew this dress, choose medium-weight, soft, very stretchy knit fabrics. The stretch factor should be at least 2.0.

You can determine the stretch factor of the fabric yourself. Mark 10 cm (4") along the crosswise grain of the fabric, lay a measuring tape next to the marked section, and stretch the fabric. Divide the measurement you get by 10.

The fiber content should include elastane or spandex and can also include natural fibers, artificial fibers, blends, and synthetics.

Recommended fabrics: knits, lurex knits, spandex, biflex.

Attention! We recommend using only stretchy fabrics for this dress.

The dress in the photos is made of crystal biflex. The fabric is medium weight, soft, and very stretchy. The fiber content is 96% polyester and 4% spandex. The fabric weight is 190 g/m².

READY? LET'S GET SEWING!

Apply stitched bias-cut fusible stay tape along the following:

- center edges on the two back bodice pieces
- center edges on the two back skirt pieces (down to the zipper notch).

Apply the stay tape at 8 mm (just under 3/8") from the edge so that the reinforcement stitches on the tape align with the zipper stitching line.

Transfer the dart lines from the pattern to the wrong side of the back bodice and back skirt pieces.

Working from the wrong side, match up the dart legs on the back bodice and back skirt pieces. Pin the darts.

Machine-stitch the darts, backstitching only at the beginning of the seam, i.e. at the raw edges. Leave long thread tails at the dart points.
